

c-Systems Software has partnered with OpenEdge to create a fast, secure, and affordable payment processing solution for you!

Current Features

- One-step payment processing. Process payments directly within c-Systems Software, saving you time and money.
- Tokenized data. Using secure credit card hardware ensures data is encrypted at the point of entry and stored data is kept off-site in OpenEdge's secure data vault.
- Signature capture. Store signatures, reducing paper used.
